IN THE NORTH WEST FOR
TEACHING QUALITY

With a campus of 6,000 full-time students, teaching quality is at the heart of everything we do. A testament to this is the fact that the University of Bolton has been awarded 5th in the UK for Teaching Quality. Passionate lecturers dedicate themselves to ensure that their teaching is both current and supportive.

"The LLB Law Degree is an exciting course. The lecturers are very helpful at all times, and make the course very interesting. During our second year, we undertake the Preparation for Practice module, which allows us to work in the Legal Advice Centre, by taking on live cases and providing advice. This allows us to obtain first-hand experience in terms of our future careers."

Mostafa Al-Saleh
LLB (Hons) Law

Teaching

We are teaching intensive, research informed, which means the industry knowledge our lecturers have, you will enjoy, giving you the chance to excel in your area of study. You will also receive support from personal tutors, peer-assisted study and online resources.

Supportive
Learning Environment

At the University of Bolton we are proud to put you, the student, first. Our strong reputation for student satisfaction, comes from our drive to help and nurture our students. We have a wide range of support services available to you from the moment you enrol at Bolton.

£31 MILLION INVESTED

Bolton One

Sports facilities, climbing wall and swimming pool to keep you active during your studies. There is also a dedicated, industry standard Sports & Spinal Injury Clinic, Athlete Development Centre and Clinical Simulation Suites to help you gain real-world experience.

£13 MILLION INVESTED

National Centre for Motorsport Engineering

This outstanding, purpose-built environment is the UK's only National Centre for Motorsport Engineering. Not only is this facility fitted with industry-standard equipment, but our highly qualified staff have the relevant experience to help our students achieve their career goals.

Our Customer Service Excellent Award-winning Student Services Team offer specialist support services, some of which include:

- Disability services
- Mental Health and Wellbeing advisors and counsellors
- Student funding and budgeting advice
- A multifaith chaplaincy

We also boast an award-winning Library Team, who can advise you on getting the most out of the resources and facilities available. We house a wealth of print and electronic resources, as well as group working areas and computing suites.

Centre for Dental Sciences

Queen's Building hosts our purpose-built laboratories that allow our students to work in state-of-the-art dental processing rooms. We also house some of the most advanced specialist industry-standard equipment in our sponsored digital dental lab.

Institute of Management Greater Manchester

Our custom-built business management centre, is situated next to the new Bolton Interchange and provides a state-of-the-art learning environment.

Employment Focused

Our dedicated Employability Team are passionate about assisting you in pursuing your future career. Whilst you're studying, our team can help you find part-time work, placements and provide business contacts. We also provide guest lecturers and industry visits throughout your studies ensuring you're getting up-to-date knowledge from your sector, which enhances your employability prospects upon graduation.

"The facilities are state-of-the-art, and the lecturers are professionals in love with the craft of dream making... I witnessed behind the scenes; teachers in collaborative working and building the very best lessons possible, to give each student something durable, something real to put in play today."

Don Lanning
LA based Industry Film FX Sculptor

"One of the most satisfying aspects is seeing our graduates thrive in the industry. It's a mark of pride that we have a wall of fame. This has a picture of every graduate that works in the VFX industry. Year on year this grows and it always makes me smile when I see a familiar face looking out, next to the name of one of the biggest VFX studios, often an Oscar winner."

Mark Whyte
Lecturer | Visual Effects & Animation (VFX)

Orlando Village

Your

At the University of Bolton we make settling into university life as smooth as possible. When it comes to student accommodation, Orlando Village is the only approved and recommended Halls of Residence, providing private bedrooms with a shared kitchen, bathroom and dining area as well as full internet access and laundry rooms.

> "The Orlando Halls of Residence, I find is great for first year students. It's a stone throw away from main campus, and there's a free minibus to all university buildings from Halls regularly. Most flats hold 6 people, and you can choose mixed or single sex flats. You get your own room with all the essentials and you have nice communal areas that have pool tables in and is a great place to get to know people outside of your own flat. Most make lifelong friends in Halls!"

Maddie Faith
Recent Graduate

Uni Home

The location is just a short walk from the main campus, and is close to both road and rail links. Plenty of parking means that those who drive can leave their car in a secure area as there is 24/7 security and CCTV surveillance. There are also accessible ground-floor rooms for disabled students.

Alongside Orlando Village, you'll also find private accommodation, if this is something you'd be looking to explore, speak to our Student Advisors see page 7 for contact details.

BSc (Hons) Computing

Going to university is not only a great way to kick-start your career, but make friends for life. Spending time with students who have the same hobbies or interests as you, is a perfect platform to start friendships.

"I would say that the best thing about living in Bolton is the people. Everybody is friendly and will always give up some of their time to help. The University of Bolton campus is so close to the accommodation for students."

All students are invited to get involved in our community through the many clubs and societies on offer. A club or society is a great way to make new friends. If there isn't something that floats your boat, you can get together with some friends and set up your own society.

During Welcome Week, you will have the opportunity to get involved and discover what is going on, in and around campus.

Mood Matters

What are students looking for from their university? A great location? Welcome to Bolton, Greater Manchester.

Bolton is a friendly town; you'll find shopping and leisure facilities that include a nine-screen cinema, bars, restaurants and a market. If you love the great outdoors, you have the West Pennine Moors on your doorstep.

Great Location

Located 20 minutes away by train, is Manchester's city centre; youthful, diverse, energtic and bursting with character. As the UK's second-largest metropolitan city, it has everything to offer from wonderful eateries, culture, nights out, sporting events and shopping.

Highlights

- **Excellent transport links** to Manchester, Liverpool and Manchester International Airport

- **Lower cost of living** than many UK cities/towns

- **Culture** including the nationally acclaimed Octagon Theatre Bolton, museums and art galleries

Many students who are studying their first undergraduate degree will be eligible to receive a tuition loan and maintenance loan while studying. To find out your eligibility, you will need to contact Student Finance England.

Fees

The *Best* of Both Worlds;

Earn & Learn

Andy Smith
Head of Degree Apprenticeship Development
The University of Bolton

"Apprenticeships are a fantastic opportunity for both the employee and employer. They can help to nurture and develop the skills of a new or existing employee and, from the employer's point of view an apprentice can bring new ideas for development into the business or organisation. They can help fill skill gaps and this is going to be particularly important in the next few years to address the shortage of digital technology skills, which are becoming more and more crucial."

"I completed my Level 2 Customer Service Qualification with Alliance Learning working on the Main Reception at the University of Bolton. I spent time shadowing other areas of the university enabling me to build my knowledge of other departments meaning I could provide a more efficient service. This apprenticeship provided me not only with a qualification to showcase but also many transferable skills such as communication, adaptability and organisation."

Arden Howkins
Graduate Apprentice

An apprenticeship is an excellent opportunity to earn whilst you learn. ConnectED brings together the expertise of Alliance Learning, Bolton College and the University of Bolton to provide a one-stop-shop for apprenticeships. We have a dedicated team who can help you find the right apprenticeship, and support your career ambitions.

There are a wide range of apprenticeships to explore from multiple industries, all giving you that first step onto the career ladder. You can choose from intermediate, advanced, higher and degree level apprenticeships in the North West region.

Visit & Explore

Deciding which university to attend is a big and important decision, which is why we recommend attending an Open Day as it is the best way to get a feel for your chosen university. You can speak to our passionate lecturers, hear from the students, tour the facilities, and listen to talks about studying at Bolton.

By visiting our campus, you can get to grips with what it is like to be a Bolton student. At the end of your visit, you'll know everything you need to know about studying with us and discover why we're voted No.1 for Student Satisfaction.

If you want to get an understanding of what daily life is like for our students, why not join an 'Access All Areas' event. Sign-up and get the opportunity to take part in mini-lectures, tours and discover the support our students receive. Fill out the booking form, and we look forward to welcoming you to the University of Bolton.

Applying
to Bolton

Most Level 3 qualifications equate to an amount of UCAS points. Most of our courses require potential students to obtain a number of UCAS points to study with us; this information can be found in the course table. We also welcome students with alternative qualifications. If you are unsure about what your options are, please get in touch.

"The lecturers are very friendly and if you need any help you just have to ask. The course covers a wide range of topics so there is always something new and exciting to learn about. Small class sizes allow the lessons to be more personal so there is a stronger understanding between lecturers and students."

Bethanie Dillon
BEng (Hons) Biomedical Engineering

"Working on live briefs with clients is an excellent way to develop both as a designer and a person, as it allows you to prepare for industry, as well as gain in confidence with working alongside a client. I think that this is fundamental to developing as a designer and I am grateful to have had this opportunity to do so, so early in my career."

Shelby Smyth
BA (Hons) Graphic Design
