Open-ended***

An application form, job description and person specification can be viewed on our website: <https://www.bolton.ac.uk/staff-area/professional-services/about-hr/vacancies> or requested by email: jobs@bolton.ac.uk.

Applicants need to be aware that only a completed application form will be considered, unless it is specifically indicated in an advertisement that a CV will be accepted. Where appropriate, you should include a list of all publications when submitting your application. Please ensure you quote the position reference number on all applications submitted.

If an applicant is interested in more than one vacancy, a separate application must be submitted for each vacancy to ensure that the individual role requirements are addressed.

Candidates must be eligible to work in the UK, for more information please visit <https://www.gov.uk/check-uk-visa>. No agencies.

*Please note, interviews will take place on a regular basis, as and when suitable applications are received. It is in the applicant's interest to submit an application as soon as possible. The University reserves the right to shorten/extend the closing date of any position where a high/low volume of applications are received.

The University of Bolton is a "Teaching Intensive, Research Informed" higher education institution whose distinctive high quality, student-focussed, undergraduate and postgraduate programmes attract students from all over the world.

Our staff are at the heart of everything we do: they are highly qualified and experienced in their fields, supporting their teaching practice by carrying out quality research and engaging in continuous professional development. Staff pride themselves on being outstanding professionals that provide excellent learning, teaching and applied research and support in the provision of custom-designed, industry led courses in numerous subject areas.

The key duties of the post holder will be to contribute to the teaching and delivery of the Cardiorespiratory Physiotherapy programme, undergraduate and taught postgraduate programmes, including the academic and personal support of students. In addition, you will be expected to contribute to the student recruitment and admissions of the Cardiorespiratory Physiotherapy programme.

You will have Chartered Society of Physiotherapy (CSP) membership and be registered with the Health Care Professionals Council (HCPC) and preferably a teaching qualification. We are particularly interested in candidates with contemporary experience in Cardiorespiratory Physiotherapy. A commitment to undertaking a PhD and membership of the Higher Education Academy is an essential requirement of the roles.

Successful candidates should demonstrate a practical awareness of current developments in Physiotherapy Education as well as being able to facilitate the creation and maintenance of a range of links between courses and the Sports sector.

Hours of work are 18.5 hours per week (0.5 FTE).
